**SATURDAY, OCTOBER 14
EVENT PROGRAM
9 AM – 1 PM**

Welcome

Welcome to the 2023 FIU Fall Admissions Showcase! We are delighted that you have joined us today and we hope you take advantage of all our university has to offer. The college admissions process is filled with a wide range of emotions; and we are confident that throughout today, we can put your mind at ease.

FIU is an incredible community focused on both excellence and belonging. Our goal is to support our students in gaining the skills they need to solve complex challenges – and be prepared to solve problems that don't yet exist.

Your education at FIU will extend beyond the traditional classroom and into experiential opportunities with hundreds of clubs, organizations, internships, and unique FIU experiences. Upon graduation, you will be ready to succeed in your chosen profession, while also appreciating the importance of being civic minded. I invite you to immerse yourself in this experience today.

Even if you've been on campus before, take a tour; if you want to live off campus, take the housing tour; if Biology is your major, but music is your passion, talk to both academic units. This is your day to explore.

Above all else, remember that today is a part of the journey into your future. Let us know how we can help you along the way.
